

Seville, a nice and 'warm' city...

Seville has great historical importance, since it was the largest city in Spain between the 12th and 17th centuries. Thanks to this, it has the largest Historic or Old Quarter in the country, and a rich historical and artistic heritage.

The University of Seville: a multiple-campus University

- 27 Centers / Faculties / Schools
- 134 Departments
- Central services
- Research facilities and institutes
- Libraries (in each Centre)
- 8 study rooms (6 open 24 h.)
- 6 university dining rooms
- Univ. Community Assistance Service
- Sport facilities
- Centre for Cultural Initiatives
- Religious Assistance Service

Seville is our campus

Teaching Facilities

Resource Center for Learning and Research (CRAI Antonio de Ulloa)

> 600 reading places, 18 rooms for group work, 4 ICT rooms, Videoconference, library, laboratories for rent, etc.

CITIUS: Centro de Investigación, Tecnología e Innovación de la US

Research Facilities

Main building

"Celestino Mutis"

(campus Reina Mercedes)

(Campus Cartuja)

Higher Council for Scientific Research "Isla de la Cartuja" (US-CSIC)

- Institute of Plant Biochemistry and Photosynthesis (IBVF)
- Seville Institute of Materials Science (ICMSE)
- Institute of Chemical Research (IIQ)

(Campus Cartuja)

National Center of Accelerators (US-CSIC- Junta de Andalucía)

- Singular scientific-technological facilities
- Interdisciplinary research with ion accelerators

Seville is our campus

Research Institutes

(Cartuja Campus)

Andalusian Center for Molecular Biology and Regenerative Medicine (CABIMER) (US-UPO-CSIC-Junta de Andalucía)

- Multidisciplinary center for biomedical research in Andalusia
- Basic and applied research in the fields of Molecular Biology, Cell Signaling, Stem Cells and Cell Therapy and Regenerative Medicine

Near the main Hospital of the city

Institute of Biomedicine of Seville (IBiS) (US-CSIC-Junta de Andalucía)

- Biomedical research (diseases at the molecular and cellular level)
- High quality research groups in the fields of Infectious / Immunological Diseases, Neurological Diseases, Cardiovascular / Respiratory Diseases, Cancer, Genetic Diseases, etc.
